

Name: _____

Welcome to Recycle City

The History of Recycle City

<http://www.epa.gov/recyclecity/first.htm>

1. What was the name of Recycle City a few years ago?

2. What kinds of things did the townspeople do that were not good for the environment?

3. How did the townspeople try to clean Dumptown up? (Name 3 things)

The Four Neighborhoods of Recycle City

Recycle City has four neighborhoods with many of the things we can find in our town. Let's check out each of the neighborhoods and see what different things are being done to help Recycle City.

Northeast Neighborhood

<http://www.epa.gov/recyclecity/ne.htm>

The Northeast Neighborhood is a very busy area. Here you can find, the Community Warehouse, the landfill, The Moonbeam Café, the Used Pets Shop, Rerun Theater, and the Materials Recovery Center.

To see what each of these places does to help the environment and the city's mission to recycle, click on the area and read. Then answer the following questions:

4. What is the Community Warehouse?

5. What are the two kinds of landfills that Recycle City has?

6. Go visit the Moonbeam Café. When you get to the café, click on the coffee cups and tell me why Moonbeam uses glass and mugs instead of foam cups.

7. What does the Used Pets Shop use newspapers for?

8. What kind of movies can you see at the Rerun Theater?

9. What happens at the Materials Recovery Center?

Northwest Neighborhood

<http://www.epa.gov/recyclecity/nw.htm>

The Northwest Neighborhood has a lot of places to visit. There is a house, the Recycle City Church, City Hall, the Hazardous Waste Center, and Joe Yoshino's Auto Wreckers. Let's visit each of these places and see what they are doing to recycle.

10. What does Recycle City Church do to help with recycling?

11. If you visit the house behind the church, you can see a list of products found in your kitchen or bathroom that can be dangerous if thrown away with the regular garbage. List three of these things that you should take special care of.

12. Why is City Hall such an important place when it comes to recycling?

13. What does Joe Yoshino's Auto Wreckers do to help stop pollution?

14. What does the Hazardous Waste Center do?

There are two other neighborhoods in Recycle City - The Southeast Neighborhood and The Southwest Neighborhood. Explore each of these neighborhoods on your own by clicking on the links below. Write down three things you learn for each neighborhood.

Southeast Neighborhood

<http://www.epa.gov/recyclecity/se.htm>

1. _____
2. _____
3. _____

Southwest Neighborhood

<http://www.epa.gov/recyclecity/sw.htm>

1. _____
2. _____
3. _____
